

# Art

Course Detail: GCSE Art and Design—Fine Art

Exam Board: AQA

## ASSESSMENT

Coursework 60% of final grade

Examination 40% of final grade

Both project based.

**Both project based**

## WHAT YOU WILL STUDY

- Observational Drawing
- Painting Skills
- Mixed Media
- Photography and Photograph Manipulation
- Written Analysis of an Artist Work or Art Style
- Annotation Skills
- Creative Ideas
- 3D Design

## **COURSE INFORMATION**

Students will initially study the work of existing artists through written analysis and visual means. This will inform the style of work the students produce. The students will then move onto producing observational studies, developing skills with a range of media. These two stages are then combined to inspire students to create their own designs through experimentation, working within the project theme. Through these experimental studies students will refine their ideas to produce one final personal response.

## **WHO SHOULD DO IT?**

Anyone with an interest in Art and Design.

## **ENTRY REQUIREMENTS**

This course is a GCSE subject and is open to students of all abilities.
