

# **YEAR 9 ART**

## **HOMELEARNING**

**GARGOYLES AND ANGELS**

**NAME:**

**CLASS:**

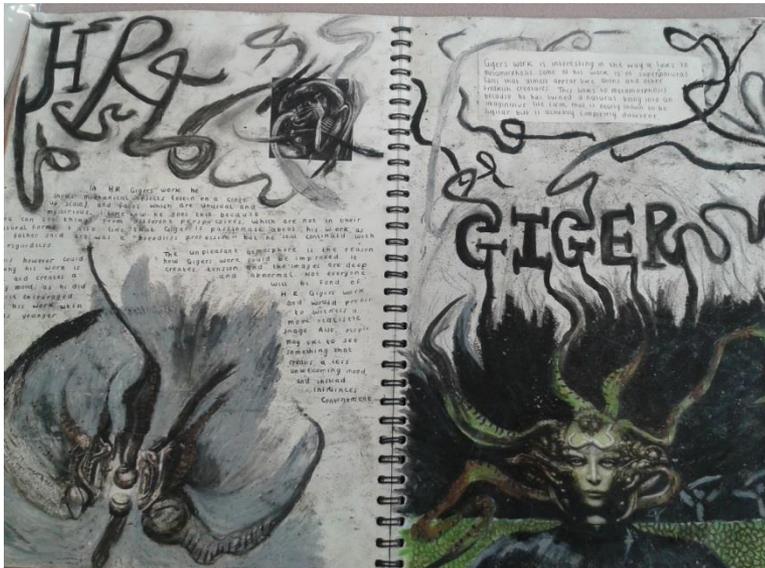

# OVERVIEW

During this rotation you are going to produce an artist links sheet (although it does not have to be a “sheet” it could be a response). Each week your teacher will ask you to do a specific task on your sheet, to help you to build your skills in Artist Analysis, AO2.

This will really help you if you decide that you would like to do Art in KS4!

Don't forget to ask your teacher for help, if you need any materials or resources or space to work, come to art at dinner!

There are some good examples of artist links sheets to help you....

# TEXT

Create a title for your links sheet. Just like we did in the first lesson, use a variety of textures that fit in with the theme of Gargoyles and Angles.

This time use a variety of materials, paper, crayons, pastilles etc. Here are some font examples to get you started:

**ANGLES AND GARGOYLES**

**Angles and Gargoyles**

Angles and Gargoyles

*Angles and Gargoyles*

*Angles and Gargoyles*

**Have a look online for inspiration too!**

# BACKGROUND

**This week you need to work on the background of your sheet. Think about how you could make it look textured. You will probably be using greys, browns and stone colours.**

**To get a higher level create a variety of texture on your sheet, used mixed media to create depth.**

# ANALYSIS

Find at least 3 images or Gargoyles or Angels that you are going to put onto your links sheet and analyse. Have a look back at our first lesson, you may use this work to help you.

You could write a PMI analysis P- Plus, M – Minus, I Interesting.

Or you could write a paragraph explaining what you like about the image, what you dislike and what fascinates you about it.

Or you could use these sentence starters Plus: the area I like about this sculpture is Minus: The area I like the least is Interesting: I find the following areas interesting:

Remember to include the Key Word Focus

Tone

Texture

Shade

Dark

Light

Detail

Shape Form

Shadow

# **PRESENTATION**

**Present all of your work together on a sheet, or in an imaginative way. See some of the examples below.**

**Due Date: 19<sup>th</sup> October**
